# TROUBLE

*Lyrics & Music by Colin McCrow*

## Intro: G(add5)  Bb6 Cadd9 G(add5) Bb6 Cadd9

G(add5)
I don't know what to do with life,
   Am                D      G(add5)
I'm in so much trouble, Will it ever end?
                         Am
Life is dark, life is dim, Hearts are cold, conscience thin,
D
It's just all pretend.

*Chorus*

C                     Em7 Am7    D         G(add5)
Troubles are all around us,   Day by day we see it all,
C                     Em7    Am7    D         G(add5)
People can't see the sunshine, When will we end it all?

## Instrumental: G(add5)  Bb6 Cadd9 G(add5) Bb6 Cadd9

G(add5)
Life goes on, we'll never see,
   Am                    D         G(add5)
What there is in it for me? It's empty and cold
                         Am
Will there be some joy in life ? It stabs so hard just like a knife,
D
I feel I'm getting old.
