Lyrics & Music by Colin McCrow

Intro : G F F# G F# G

G D G F F# G
You see them all lying round, lying on your streets,
G D G F F# G
Smoking pot and looking round, looking for their feet,
G D G F F# G
And nobody seems to care as they slowly pass them by,
G D G F F# G
And nobody seems to care when they see a hippie cry.

I wonder where this old world is going, when people can't all be free,

The red skin the black and the white, God made us all didn't He ?
